COLLABORATIVE GIVING • TRANSFORMATIVE RESULTS

HERE'S A SOLUTION ►

WHY 100 DONORS?

THE PROBLEM

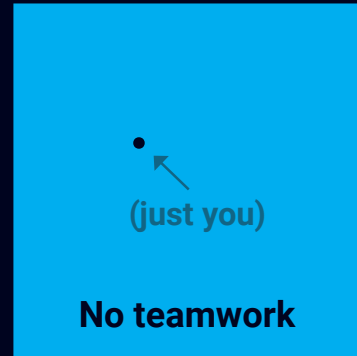

A single \$1,000 donation to most nonprofits can help buy one-time use supplies or fund one small scale project that creates only temporary impact.

A carefully awarded six-figure grant can create lasting, transformational and sustainable impact for a nonprofit organization through increasing its ability to achieve its mission and provide support to the people it serves.

THE SOLUTION

100 Donors is the vehicle to achieve this goal. Through this new nonprofit in Westchester, NY, men age 18+ now have the opportunity to contribute \$1,000 towards a collective and transformative grant that will be awarded annually to a local charity.

Each member of 100 Donors will receive an equal vote as to how this transformational donation is awarded.

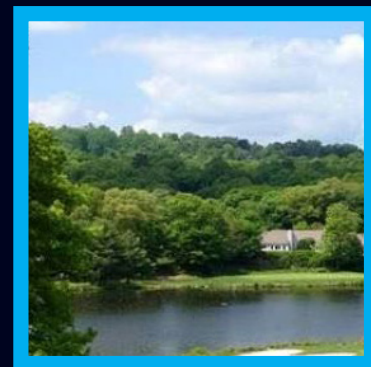

You **DON'T need to give **MORE** to do **MORE**.
But you can **GIVE SMARTER** through 100 Donors and
create **A LOT MORE** impact!**

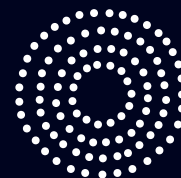

THIS IS OUR COMMUNITY

Westchester County is where we live, work & raise our families . . . and there are over 9,000 worthy nonprofits registered in this area whose missions are to keep our community thriving.

We all need to continue to support these changemakers until everyone in our community can live up to their full potential. We know we can do better. And we believe, through 100 Donors, we can help bring sustained, annual, high-impact change. Will you join us?

MEMBER BENEFITS

- ◆ Multiply your community impact potential
- ◆ An ongoing professional and emerging leadership development opportunity
- ◆ Network with top leaders and like-minded local peers + changemakers
- ◆ Learn about the local nonprofit sector from a unique vantage point
- ◆ FLEXIBLE: Put in only as much time per year as you're comfortable with. Or choose to take on leadership roles.
- ◆ Take part in new once-in-a-lifetime experiences like writing a \$100,000 check for charity
- ◆ Add your voice and perspective on causes and community issues to help educate other members about the most pressing local needs that are worthy of receiving a transformative grant
- ◆ LEGACY: Help make local history and build something transformative here in Westchester.

“Too often men are outside the giving process. 100 Donors is a space where men can give a smaller amount and still feel the larger impact. We will become a beacon for other men in the community to step forward and GIVE BIG together.

Collective giving works. Our sibling organization, Impact 100 Westchester, is giving \$300,000 in grants this year. The benefits to Westchester nonprofits are obvious and growing. **It's *time* to get the men on board.**”

LATE NOVEMBER

Inaugural 100 Donors
Transformative Impact
Grant to be Awarded by
Founding Grant Makers
to a Local Nonprofit

100 Donors is a group of westchester based men who have pooled together their charitable donations to create a single annual nonprofit gift, capable of impact greater than the sum of its smaller parts.

This is our inaugural year and we are still impacted by Covid so the size of the 2021 grant will be based on the membership size of 100 Donors. If the total is less than \$100,000 the grant will consist of total donations collected at that time. If more than \$100,000 is collected additional sub-grants may be announced or awarded.

We will be accepting grant proposals from nonprofits whose work has transformative impact on Westchester County. Learn more at 100donors.org/grants

**MEMBERSHIP IS NOW
OPEN TO MEN OVER 18**

Together, our individual donations can have greater impact & serve a larger purpose.

A single donation of \$1,000 is a wonderful thing but may only fund a small scale project providing a temporary solution. A team of men working together to pool their donations, on the other hand will make a lasting and transformational difference with a sustainable impact to those in need. That is the Power of Collective Giving!

100 Donors is a newly formed collective-giving, nonprofit organization based in Westchester. It is our goal to grow annual membership until we are able to make at least one \$100,000 transformative gift each year to a worthy local nonprofit organization.

2021 marks the start of our mission and you can be a part of it!

OUR INSPIRATION

We are inspired by Impact 100 Westchester, a women's-only collective giving organization that has donated over \$1.5 million dollars since they were founded in 2014. 100 Donors is grateful to Impact 100 Westchester Founder Sharon Douglas for her support and guidance. We encourage any woman who is interested in giving, to please visit Impact 100 and explore that amazing organization.

We're looking for emerging voices and new perspectives from every angle to join us. If you think that is you, or if you have any questions please reach out today.
